A fake pamphlet claiming the DA wants to bring back the days of permits to fight the "Swart Gevaar" is being distributed on the internet, the party said on Wednesday.

Democratic Alliance spokesman Ashleigh Trichardt said the pamphlet, which ends with warning, "Do not show this pamphlet to your maids and garden boys... we need their votes", is targeting black voters to convince them not to vote for the party in the upcoming elections.

"It is obviously a fake," Trichardt said.

"It includes the old DA logo, and it is riddled with grammatical and spelling errors, including the particularly ridiculous 'Een drag maak maag' -- which translates to 'In unity, there is stomach'."

The party said it first became aware that the pamphlet was being distributed in the Steve Tshwete Municipality. The pamphlet had since made its way onto the internet.

"The Electoral Act prohibits persons from 'impersonating' other parties and/or candidates and prohibits the distribution of false information," Trichardt said.

VOLUNTEER FOR THE DEMOCRATIC ALLIANCE

Help the DA to claim back what has been stolen from you.

Helen Zille is asking for a few minutes of your time to contribute to change. Now that the ANC has split, we have a real opportunity to get into government in provinces all over South Africa.

We can't do it without your help. It's a call to every white in South Africa and abroad. If you have a Club/Society, Church or a community organization bring them along we have funds available to finance you so that we together can make it happen. So let us hear your message to get COPE and Independent Democrats on our side for our struggle. What are you waiting for, try by all means to convince your domestic workers to vote for DA. We need everyone on board to stop Jacob Zuma's ANC from getting a two thirds majority in 2009!!!

HIERDIE IS ONS VADER SE LAND. Claim back your power, lets bring back those days of permits when visiting, in order to fight this SWART GEVAAR called crime and make South Africa a country whereby a white person will for ever be respected. Our schools are being invaded, Elementary schools, public places, churches, private hospitals, our jobs taken through AFFIRMATIVE ACTION and our economy through the so called BEE..... **NOW IS THE TIME..... ONTHOU..... EEN DRAG MAAK 'N MAAG...WE CAN...YES.....WE CAN.**

WARNING: DO NOT SHOW THIS PAMPHLET TO YOUR MAIDS AND GARDEN BOYS. WE NEED THEIR VOTES
